Read Me!
Designed and produced by practising teachers

ReadMe™ is a literacy tool designed and produced by practising English Teachers!

ReadMe™ is a literacy tool that can be effectively used by all teachers. The idea for ReadMe™ evolved through years of experience, teaching English literacy classes in upper Primary to lower Secondary.

- Bringing together advanced teaching techniques and modern technology, the lessons capture students attention.
- Comprehensive programme of 27 lessons that cover basic grammar skills, poetry analysis and text types.
- ReadMe™ suits a wide audience. As the lesson content is drawn from subjects across the curriculum, diversity and wide appeal is guaranteed.
- Students who are reluctant readers do not always engage with lessons presented in the “chalk & talk” manner; ReadMe™ offers an alternative.

Australian Curriculum aligned

Comprehensive Literacy teaching tool

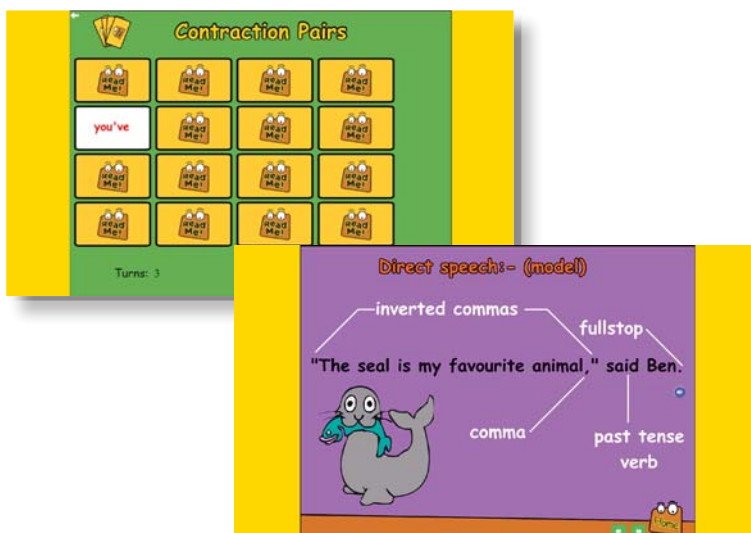

Online platform independent

Available 24/7

Includes printable BLM's (Blackline Masters)

27 literacy lessons
